Dear FCC Please note that I am a Truck driver and enjoy the the quality and the unenterupted service of satilite radio. Will the restrictions on stailite radio also be imposed on satilite TV. also. What is this country coming to---. We may have air waves controled to such greatness that we can not recieve a weather and traffic report. Who is incharge of people recieving good radio anywhere across our great country. Let the free world be heard from caost to coast on satilite radio. Thanks for your time. Larry Johnson

I would like to know the Congressmen on this committee.
